

Preparing for Your Upcoming Surgery

1. TeleHealth Appointment Before Surgery

If any additional questions from you or Dr. Yin needs to be addressed before the date of your surgery, we will arrange a TeleHealth appointment for you. The TeleHealth system is very easy to use, no special software needed. Full instruction is attached below. Any issue please call 604-875-8237.

2. Day of Surgery

Please arrive at advised time, no sooner or later, and wait outside Eye Care Centre main entrance. You will be greeted by a nurse who will escort you to your destination. Only patients will be allowed inside, all other companions will be asked to stay outside.

- Wear a mask if you feel necessary (not required)
- Do NOT wear gloves, you will be asked to remove them
- Wear loose, warm clothing with sleeves that can be pushed up to your elbow
- Bring your CareCard and only what is absolutely necessary

3. Immediately after Surgery

The OR staff will call your companion when you are ready to be picked up. You will be escorted out of the building by a nurse. Please have your companion be ready to receive you outside the door. Your follow-up with Dr. Yin will be scheduled after you get home by a phone call from Tracy or Starr.

4. Follow-up with Dr. Yin after Surgery

The day after your surgery, you will receive a phone call from Tracy or Starr with your follow-up instruction. Dr. Yin will be deciding on whether your after surgery care will be in person or by TeleHealth. Additional instructions will be given at that time.
